WIP Virtual Knowledge Exchange Powered by Chronus

Heading into this year with the hope of a return to normalcy or perhaps a new normal, the Women in Propane (WIP) Council has taken steps to foster connections by launching our Knowledge Exchange mentoring program virtually powered by the Chronus mentoring software.

We are excited about this easy-to-use software that considers the valuable time of our mentors and mentees alike. The program is available at no charge in 2021. We are ramping up for new mentors and need your help by registering [HERE](#).
