## Virtual Knowledge Exchange | Mentoring In This Moment

Empathy. Humility. Connecting. And not just professionally; on a personal level. The opportunities and challenges for men and women who wish to help lift others has never been greater or more necessary.

While many people work from home and are operating under less-than-optimal circumstances, there is no better time than right now to help build their skill set.

Our new Virtual Knowledge Exchange is launching Spring 2021. The program is FREE and the software is easy-to-use. Time commitment is minimal and amounts to about 2 hours per month.

To be automatically enrolled as a Mentor in our program, fill out the short application by clicking [HERE](#).

We have eager mentees patiently standing by so THE TIME IS NOW TO SIGN UP as a trusted mentor advisor.

## International Women's Day is March 8

A challenged world is an alert world and from challenge comes change. So let's all choose to challenge.

International Women's Day is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call to action for accelerating women's equality.

IWD has occurred for well over a century, with the first IWD gathering in 1911 supported by over a million people. Today, IWD belongs to all groups collectively everywhere. IWD is not country, group or organization specific.

So strike the #ChooseToChallenge pose with your hand high to show your commitment to choose to challenge inequality, call out bias, question stereotypes, and help forge an inclusive world.

Celebrate women's achievement. Raise awareness against bias. Take action for equality. #ChooseToChallenge #IWD2021
