Give Yourself the Gift of a Mentor...Priceless!

Summer is a great time to focus on yourself. What better way than to connect with a person who can help mentor you to accomplish that professional or personal goal that you have been wanting to achieve?

Our new **Knowledge Exchange** mentoring program is a convenient and easy way to reach that goal. And the best part of this program is that it is **100% FREE!**

You simply enter into the program your areas of interest that you want to improve on, and the Chronus matching algorithm finds you the perfect match! It is exactly like having your own personalized mentor guiding you every step of the way. The time commitment is minimal- just 2 hours per month for six months and meetings are held virtually.

Take advantage of the sizzling summer and enroll now at www.KnowledgeExchange.Chronus.com to make that important difference.

New WIP Website Design to Debut this September

We are currently working with [Warm Thoughts Communications](http://WarmThoughtsCommunications.com) to bring you a new and improved WIP website this September.

The sitemap plan includes important functionality such as a perky **Programs & Events** tab, a reliable **Resources** tab, and a captivating **Calendar** just to name a few.

If there is something that you would love to see included in this awesome new redesign drop us a line at wip@npga.org.

Become part of the construction crew without getting your hands dirty!
